Cautis Assemble After Real Television Jackpot

Uncle Attillio's Liberation Best Present of All

BRISTOL SOLDIER'S liberation from North Korean prison camp is celebrated by family of the former P.W. Corp. Attillio Cauti, at his home, 902 Spring street. Family had gathered at home of brother, Camillo, 334 Dorrance street, celebrating third birthday of Camillo's son, Joseph. Good news, flashed on a Saturday television broadcast, multiplied festivities of the occasion, adding shouts and prayers to birthday laughter and singing. Gathered around happy parents, Mr. and Mrs. Olindo Cauti, front, seated, are, left to right, Attillio's brother, Anthony; niece, Glenda Himes; sisters, Mary Ann Marseglia Nella Cauti and Dora Himes; niece, Dona Himes and her father, Glenn Himes.

As the name of Cauti came over from the TV the family was watching at the home of a son of the Cautis, Camillo, 334 Dorrance street, shouts rang out through the house and smothered the laughter and singing which was marking the birthday party of little Joseph Cauti, three.

"Oh, Thank God!" was the prayer uttered as members of the family group hugged and kissed, cried and laughed together.

## 2 Men Sought By Police In Beating Case

MIDDLETOWN TOWNSHIP, Aug. 31 —

A 13-state alarm was sent out yesterday for two men who are wanted in connection with the beating of an attractive blonde early Saturday morning.

Township Police Chief Howard Shook said that the woman, Phyllis Green, 25, 5132 D street, Philadelphia, staggered into the Steaker Inn, Lincoln Highway near Route 213, dazed and brutally beaten.

Shook said she told the following story:

She left the 440 Bar, 5th street, near Wyoming avenue, Philadelphia, where she had struck up an acquaintance with two men who offered to drive her home.

They headed for Bucks County and said they were going to "pick up a girl friend to make it a double date." The sedan, with Miss Green in the back seat, pulled off the Lincoln Highway near the Roosevelt Drive-In Theatre, where the men attempted to assault her.

She said she lost consciousness after receiving the beating.

The men, apparently worried, stopped at the Steaker Inn to get first aid supplies. Mrs. Elva Steaker, an Inn employee, said that the girl, after regaining consciousness and seeing the men gone, ran out.

## New Sale Tax Muddles Experts, Confuses Clerks

When you go to your favorite store tomorrow and you notice the sales clerks scratching their heads, it may be that they are puzzling out the new 1 per cent sales tax which goes into effect.

It's a puzzle not only to the clerk and merchant, but to tax experts as well. And the reason for the puzzle is that some things get taxed and other similar items do not.

Clothing for the most part is exempt because according to the law it is worn mainly as a protection against cold and nakedness. However, a necktie is taxable, because it does not serve to protect from cold and nakedness, the law indicates. That means a luxury item, the fur coat, is exempt.

Radio and television repairmen will not have to assess taxes on insignificant replacements, according to the law. But how will the repairman determine what is significant and what is not?

## Sewage Plant Odor Confirmed; Group Finds Two Open Lagoons

FERGUSONVILLE, Aug. 31 —

The strongest confirmation to date that the two-weeks' old protest against odors reputedly originating in the 60-per-cent completed sewage disposal plant here is not ill advised was borne out by an inspection tour of the plant last night by Oscar Booz, chairman of the health and sanitation committee of the Bristol Township board of commissioners; Charles Simpson, Bristol Township health officer, and Roy N. Hansen, secretary of the Fergusonville Community Center.

The inspectors said they had traced nauseous odors to two large, uncovered lagoons filled with sewage.

Three preliminary investigations conducted after a letter of protest from the community center to Dr. Samuel Katz, secretary of the Bristol Township Board of Health, failed to uncover any odors.

Charles Simpson, who had been delegated to make the investigations by the board of health, said at the time he felt there "must be something to the story" when so many persons had complained, and thought that if he moved his inspection periods up closer to evening the causes of the odors could be found.

More than 60 Fergusonville home owners had submitted written statements protesting the odors and Hansen had contended repeatedly that the situation constituted "a serious health menace."

Last night's findings was projected at the meeting last Wednesday night of the Falls Township Authority in Fairless Hills to which

Howard LeDan, consulting engineer of the authority came down from Harrisburg to contribute an engineering viewpoint to the situation.

LeDan had previously called the new million-dollar sewage plant not only one of the most modern in the country, but one especially designed to operate free from odors.

His testimony at the Wednesday meeting still held the odor-free aim as one that would ultimately be realized, but he said if any odors had been noticed it must have been due to pits full of sludge remaining uncovered.

Eventually, he said that conditions would be corrected by "floating covers" which would keep the sludge hidden at all times.

You Can Smell 'Em

Yesterday, Hansen said the

## Warner Company Agrees To Hike In Assessments

TULLYTOWN, Aug. 31 —

The Warner company, a building materials firm, agreed to a tax assessment jump from \$250 to \$2,000 per acre of land it uses in sand and gravel mining.

The increase reportedly would affect 45 to 20 acres.

Announcement came from Councilman Arthur F. Leigh, chairman of the finance committee, after a meeting last week of company officials, borough councilmen and the Tullytown School board with the Bucks County Commissioners.

Leigh said Edward Kenworthy, an executive of the Warner company told him by telephone Friday night that the firm was agreeable to the increased assessment. Agricultural land owned by the firm, would remain at the \$530 per acre figure, Leigh said.

Borough officials also met with Levitt and Sons Inc. to discuss proposed assessment increases of land, but agreement was not reached, Leigh said.

Borough Council which passed a resolution last Thursday to appeal all tax assessments in the borough is awaiting a hearing date with County Commissioners on the matter.

plant at once and rushed to the home of his son to join the others in the celebration.

Attillio was reported missing July 16, 1950. On that occasion it was an entirely different scene which enveloped the Cauti residence. Then in April 1952 a letter was received from Attillio.

Attillio enlisted in Philadelphia, July 28, 1948, and went to Japan December 1, 1948. His last visit home was Nov. 9, 1948. He was assigned to the 24th Division, 19th Regiment Infantry. He has three brothers and three sisters and previous to his enlistment was employed at the Hunter Manufacturing Co. A brother, Victor, is in the service at Oklahoma.

For 37 months Attillio was imprisoned. A brother, Camillo, was a prisoner of war 19 months in Germany during the Second World War.

At the conclusion of the party honoring little Joseph, Saturday evening, all adjourned to the Cauti residence where the celebration was resumed at Attillio's release.

Friends by the dozens flocked to the house, telephone calls were received and this continued throughout all of yesterday and today. People whom the Cauti family don't even know called to express their congratulations.

All of the family, despite the fact that they had been up all night, went to morning service at St. Ann's church yesterday where announcement of the news was made by the Rev. Peter Pinci. A formal telegram was received later during the morning from the Government.

Cauti is the first from Bristol to be released from the prison camps.

## ECHOES OF THE PAST

(By Courier Staff Member)

Review of the news as it appeared in the Bucks County Gazette issue dated at Bristol, Apr. 20, 1905. The Gazette, a weekly newspaper published in Bristol, was discontinued following its merger with the Courier.

William J. Davis, the marble cutter, was severely injured last Thursday by the falling of a large flag stone which he was handling.

William M. Downing has moved into the house recently purchased by him, on Mill street, which was formerly occupied by William P. Hall and family.

The Frazier Construction Co., a local corporation, has received a \$40,000 contract for the building of a nine-mile stretch of macadam road in the Pocono mountain district.

The Sinclair homestead, near China Hall, was sold last Saturday by Gilkeson & James, attorneys, for \$1100. The purchaser was Amos R. Allen, of West Bristol township.

Franklin Gilkeson has received his new Columbia automobile. The car is beautiful in design and when free from the vigilance of rural peace officers, shoots along at a thirty-five mile-an-hour clip. To Philadelphia in forty-five minutes is an easy task.

On Sunday this section was visited by a genuine winter blast, accompanied by a snow storm. At intervals, all day long, there were heavy squalls of snow and the temperature fell to 34 degrees above zero. All day Tuesday a stormy wind prevailed and the occasional falls of snow continued. It was a rare sight to notice in some gardens cherry and plum trees in blossom and snow on the ground.

St. Mark's Church, of Bristol, contributed the sum of \$412.65 to the annual collection for the Seminary of St. Charles Borromeo, at Overbrook, Pa. This collection is always an occasion of intense but amiable rivalry among the churches of the arch diocese. The total sum raised this year was \$47,943.

James J. H. McNally, Grand District Deputy of Pennsylvania and C. Ferdinand Van Horn, Exalted Ruler, of Philadelphia Lodge, No. 2, Benevolent and Protective Order of Elks and A. L. DeLissa, a prominent member of the order were in Bristol last Thursday evening on business concerning the

proposed organization of a lodge of Elks in Bristol. Eighty names have been secured of persons who desire to become charter members. The list was forwarded to Philadelphia yesterday and the institution of the local lodge will take place in three or four weeks.

It is expected that the New Hope-Yardley trolley road will be in operation in three or four weeks.

James Casey, the noted Bristol pugilist, engaged in a boxing contest at National Athletic Club, Philadelphia, on last Saturday with Mauro Herrera, a fistic celebrity from Mexico and in the first round was partly blinded by the bursting of a blood vessel in his eye and the decision was given to the gentleman from the coconut groves.

A surprise party was given to Miss Violetta Vanhorne Monday evening at her home, 609 Pond street, Bristol, it being her eleventh birthday. Those present were as follows: Violetta Vanhorne, Willie Assay, Bessie Zeller, Helen Phipps, Irene Shire, Mabel Woodington, Etta Boyd, Stella Neall, Lizzie Warden, May Spangler, Jennie Scott, Selma Phipps, Violet Arrison, Edna Grooms, Ethel Wicher, Mary Wilkison, Violet Moore, Anna Mary Pursell, Laura Margerum, Clara Webster, Bella Haag, Ethel Townsend, Anna Haug, Clara Stolt, Emily Coombs, Maggie Earl, Anna Earl, Edward Wicher, Samuel Shire, Henry Groom, Ralph Snelson, Harvey Stoneback, Bennie Marshall, Joe Smiley, Albert Cole, Fred Weik, Silas Roberts, Harry Fry, Alfred Pratt, Willie Dalton, Howard Coombs, Willie Bell.

LANGHORNE — The Pennsylvania Railroad Station, on the line known as the Cut-off, was destroyed by fire on Saturday night at about 2 o'clock, supposed to be the result of incendiaries as the George School Station and the Ashbell Watson Planing Mill at Newtown were burned at about the same time. A few weeks ago several fires occurred around Yardley in mysterious manners, also supposed to be the result of a fire-bug.

OXFORD VALLEY — One of William S. Brown's horses dropped dead on Saturday, while at work in the field. One of C. C. Wildman's died on Monday, of blood poison caused by lying on a piece of wood which penetrated the flank.

TULLYTOWN — The town had two narrow escapes from fire this week. On Sunday evening, by a lamp being overturned at George Bunting's and on Monday evening a couch at H. W. Pitman's took fire and created quite some excitement for a short time, fortunately both were extinguished before doing much damage.

tion garments" which are tax exempt. Ordinary garters will be taxed. So the question arises what about garters which are detachable from foundation garments and may be purchased as replacements.

The new tax will be computed on the basis of one cent on all sales between 11 cents and \$1. Where the sale is more than \$1, the levy will be applied on each dollar and fraction thereof.

The revenue department has ruled that merchants can figure the tax on total sales without regard for individual transactions.

If a customer bought two 10-cent items separately there would be no tax, but if they were bought together, a penny tax would be levied. Two 25-cent items bought separately would mean a two-cent tax, bought together the tax could be only one cent.

The tax designed to collect about \$135,000,000 is supposed to be a temporary measure for the next two years. It will be used for educational purposes.

sludge lagoons are partially hidden by the terrain and the sludge is only covered with lime, but that "you can smell them 100 yards away."

Hansen also expressed deep concern over the possibility of an epidemic arising from the open condition of the pits.

"Flies and mosquitoes swarming around these open lagoons may well carry dangerous diseases to our children. The open trenches are very dangerous to everyone's health. We should have an immediate unbiased medical report on the existing conditions."

Commissioner Booz buttressed Hansen's complaint with an observation that the lagoons, located near the most populous part of Fergusonville, about six miles from Fairless Hills, were also a safety hazard.

Unless the area were fenced in, Booz said he feared children might wander too near the lagoons and fall in. Booz said he planned to ask the board of commissioners to

make another tour of inspection with him very soon.

**Meeting Planned**

He said he would also consult with the township's solicitor to see what actions might be taken toward eliminating the health and safety hazards. In the plant treatment so far, he added, only lime was being mixed with the sewage in the two open lagoons measuring about 25 by 100 feet.

He said lime was insufficient treatment for such large quantities of sewage.

The Bristol Township board of health is committed to making an official report of its findings in the issue to the protesting Fergusonville Community Center. Dr. Kratz, secretary of the board, in acknowledging the protest letter from the center, has said such a report would be made. However, he is now on vacation, but the report is expected to be drafted when he returns.

Hansen pointed out in the protest to the township board of health that Fergusonville residents feared such a turn of events from the very beginning and had repeatedly advised, to no avail, that the sewage disposal plant not be located so close to the Fergusonville residential area.

## Sound Truck Asks Levittown Folks

### To Cut Sprinkling

LEVITTOWN, Aug. 31 — A sound truck toured this community yesterday urging residents to avoid watering their lawns between noon and 8 p. m. "to maintain sufficient pressures for fire protection throughout the water system."

Paul X. Blattler, managing engineer for Lower Bucks County Joint Municipal Authority, which operates the water system, in a statement today said: "The Authority was not and is not now facing a water emergency, but it would be most helpful if we could again have the cooperation of our consumers to confine watering of lawns where possible during the hot summer season to the hours of our off-peak demand." The peak hours he listed as noon to 8 p. m., asking that no lawns be watered then.

Blattler said the Authority made a similar request July 17. That shortage, like this one, he attributed to "the excessive drought prevailing over this area."

"The people responded beautifully before," Blattler said, "and yesterday."

"If a fair proportion of our lawns could be sprinkled during these hours, and a sufficient supply thus preserved for essential pressure during the period of peak demand," he said, "it may not again be necessary to place further restrictions on the use of water during drought periods."

VIENNA, Aug. (INS) — The Czech newspaper "Mlada Fronta" complained about "increasing American influence" on the Czech youth. The paper lamented bitterly that youngsters at a factory in Zdar sported haircuts "a la Robert Taylor and Mickey Rooney."

## ECHOES OF THE PAST

(By Courier Staff Member)

Review of the news as it appeared in the Bucks County Gazette issue dated at Bristol, Apr. 20, 1905. The Gazette, a weekly newspaper published in Bristol, was discontinued following its merger with the Courier.

William J. Davis, the marble cutter, was severely injured last Thursday by the falling of a large flag stone which he was handling.

William M. Downing has moved into the house recently purchased by him, on Mill street, which was formerly occupied by William P. Hall and family.

The Frazier Construction Co., a local corporation, has received a \$40,000 contract for the building of a nine-mile stretch of macadam road in the Pocono mountain district.

The Sinclair homestead, near China Hall, was sold last Saturday by Gilkeson & James, attorneys, for \$1100. The purchaser was Amos R. Allen, of West Bristol township.

Mercantile appraiser G. Raymond Fabian, of Tullytown, has about completed his labors. During his travels over the county Mr. Fabian became thoroughly convinced of the necessity of improved public roads.

Mr. and Mrs. Charles A. Ahlee, of Mill street, celebrated the fifty-fourth anniversary of their wedding on Monday. Mr. Ahlee is the pioneer merchant of Bristol and has been engaged in business here, as proprietor, for over fifty years.

Franklin Gilkeson has received his new Columbia automobile. The car is beautiful in design and when free from the vigilance of rural peace officers, shoots along at a thirty-five mile-an-hour clip. To Philadelphia in forty-five minutes is an easy task.

On Sunday this section was visited by a genuine winter blast, accompanied by a snow storm. At intervals, all day long, there were heavy squalls of snow and the temperature fell to 34 degrees above zero. All day Tuesday a stormy wind prevailed and the occasional falls of snow continued. It was a rare sight to notice in some gardens cherry and plum trees in blossom and snow on the ground.

St. Mark's Church, of Bristol, contributed the sum of \$412.65 to the annual collection for the Seminary of St. Charles Borromeo, at Overbrook, Pa. This collection is always an occasion of intense but amiable rivalry among the churches of the arch diocese. The total sum raised this year was \$47,943.

James J. H. McNally, Grand District Deputy of Pennsylvania and C. Ferdinand Van Horn, Exalted Ruler, of Philadelphia Lodge, No. 2, Benevolent and Protective Order of Elks and A. L. DeLissa, a prominent member of the order were in Bristol last Thursday evening on business concerning the

proposed organization of a lodge of Elks in Bristol. Eighty names have been secured of persons who desire to become charter members. The list was forwarded to Philadelphia yesterday and the institution of the local lodge will take place in three or four weeks.

It is expected that the New Hope-Yardley trolley road will be in operation in three or four weeks.

James Casey, the noted Bristol pugilist, engaged in a boxing contest at National Athletic Club, Philadelphia, on last Saturday with Mauro Herrera, a fistie celebrity from Mexico and in the first round was partly blinded by the bursting of a blood vessel in his eye and the decision was given to the gentleman from the coconut groves.

A surprise party was given to Miss Violetta Vanhorne Monday evening at her home, 609 Pond street, Bristol, it being her eleventh birthday. Those present were as follows: Violetta Vanhorne, Willie Assay, Bessie Zeller, Helen Phipps, Irene Shire, Mabel Woodington, Etta Boyd, Stella Neill, Lizzie Warder, May Spangler, Jennie Scott, Selma Phipps, Violet Arison, Edna Grooms, Ethel Wischer, Mary Wilkinson, Violet Moore, Anna May Pursell, Laura Margerum, Clara Webster, Bella Weik, Ethel Townsend, Anna Haag, Clara Stolt, Emily Combs, Maggie Earl, Anna Earl, Edward Wischer, Samuel Shire, Henry Groom, Ralph Snelson, Harvey Stoneback, Bennie Marshall, Joe Smiley, Albert Cole, Fred Weik, Silas Roberts, Harry Fry, Alfred Pratt, Willie Dalton, Howard Combs, Willie Bell.

LANGHORNE — The Pennsylvania Railroad Station, on the line known as the Cut-off, was destroyed by fire on Saturday night at about 2 o'clock, supposed to be the result of incendiaries as the George School Station and the Ashbell Watson Planing Mill at Newtown were burned at about the same time. A few weeks ago several fires occurred around Yardley in mysterious manners, also supposed to be the result of a fire-bug.

OXFORD VALLEY — One of William S. Brown's horses dropped dead on Saturday, while at work in the field. One of C. C. Wildman's died on Monday, of blood poison caused by lording on a piece of wood which penetrated the flank.

TULLYTOWN — The town had two narrow escapes from fire this week. On Sunday evening, by a lamp being overturned at George Bunting's and on Monday evening a couch at H. W. Pitman's took fire and created quite some excitement for a short time, fortunately both were extinguished before doing much damage.

of the auto and into the Inn. The men then fled.

Mrs. Steaker called Chief Howard Shook and the Trevoise Heights Rescue Squad, who treated the woman.

The woman told Chief Shook that she knew her assailant only by the name "Bill," but Shook discovered that William N. Williams, 4623 N. 5th street, Philadelphia, did habituate the 440 Bar. Shook signed a complaint against the man and said he is wanted for questioning.

He said Williams operates a motorcycle fixture shop near his home, and may have fled in either a Hudson sedan, or on a motorcycle.

tion garments" which are tax exempt. Ordinary garters will be taxed. So the question arises what about garters which are detachable from foundation garments and may be purchased as replacements.

The new tax will be computed on the basis of one cent on all sales between 11 cents and \$1. Where the sale is more than \$1, the levy will be applied on each dollar and fraction thereof.

The revenue department has ruled that merchants can figure the tax on total sales without regard for individual transactions.

If a customer bought two 10-cent items separately there would be no tax, but if they were bought together, a penny tax would be levied. Two 25-cent items bought separately would mean a two-cent tax, bought together the tax could be only one cent.

Dr. Kratz, secretary of the board, in acknowledging the protest letter from the center, has said such a report would be made. However, he is now on vacation, but the report is expected to be drafted when he returns.

Hansen pointed out in the protest to the township board of health that Fergusonville residents feared such a turn of events from the very beginning and had repeatedly advised, to no avail, that the sewage disposal plant not be located so close to the Fergusonville residential area.

## Bristol Patrolman Probes Burglary

Officer Vincent Faragalli of Bristol Police is investigating the theft of \$100 in newsboys' pay from a drawer at the Bristol News Agency, Washington and Prospect streets, sometime Friday night.

Fred Levy, owner of the establishment, discovered Saturday at 6:10 a. m. that his store had been ransacked. He reported the break in to police.

Police reported a quantity of cigars and cigarettes as well as the money was taken, and that glass on a pinball machine was broken.

## Mother Superior Rushed To Hospital

TREVOISE HEIGHTS, Aug. 31 — Mother Superior Mary Edmond, of Our Lady of Grace parish, Pennadel, suffered a cerebral hemorrhage yesterday and was taken to Misericordia Hospital, Philadelphia, by the Trevoise Heights Rescue Squad.

Mother Edmond's condition was reported as "slightly improved" this morning by a hospital spokesman. Her age is 62.

In other transportation cases yesterday, the Trevoise squad took John Collins, Somerton road, to Abington Hospital; Fred Zigler, Hollywood avenue, Trevoise Heights, to Jefferson Hospital; and Mrs. Ella M. Good, Maple avenue, Langhorne Terrace, to Episcopal Hospital.

The squad also transported two women injured yesterday in a three-car collision in front of the Lincoln Drive-In Theater, Route 1. Injured were Mrs. Marie Greene, 47, of 240 Watkins street, Philadelphia, who was admitted to Nazareth Hospital with multiple lacerations of the head, face and left leg. The other woman, Mrs. Manala Williams, 15, was merely shaken up.

## Sound Truck Asks Levittown Folks To Cut Sprinkling

LEVITTOWN, Aug. 31 — A sound truck toured this community yesterday urging residents to avoid watering their lawns between noon and 8 p. m. "to maintain sufficient pressures for fire protection throughout the water system."

Paul X. Blattler, managing engineer for Lower Bucks County Joint Municipal Authority, which operates the water system, in a statement today said: "The Authority was not and is not now facing a water emergency, but it would be most helpful if we could again have the cooperation of our consumers to confine watering of lawns where possible during the hot summer season to the hours of our off-peak demand." The peak hours he listed as noon to 8 p. m., asking that no lawns be watered then.

Blattler said the Authority made a similar request July 17. That shortage, like this one, he attributed to "the excessive drought prevailing over this area."

"The people responded beautifully before," Blattler said, "and yesterday."

"If a fair proportion of our lawns could be sprinkled during these hours, and a sufficient supply thus preserved for essential needs during the period of peak demand," he said, "it may not again be necessary to place further restrictions on the use of water during drought periods."

## Quick Service Feature To Aid Sears Patrons

LEVITTOWN, Aug. 31—The Levittown shopping center is a busy place these days and one of the busiest places there is the new Sears and Roebuck store, scheduled to open at 9:45 a. m., tomorrow.

In the middle of all the hustle and bustle is Victor Fischer, manager of the new store. Into his basement office come many of the problems of opening a 26-department store, but Fischer handles them all with apparent enjoyment. "My main objective," he says, "is to make this the friendliest store in the Delaware Valley." He believes that many of the services of the new store are aimed at just that.

### Quick Service Feature

It will be the first store of the more than 700 Sears retail stores to open with the quick-service feature. According to Fischer, there will be five cashiers throughout the store, ready to handle those customers who are in a hurry and wish to wait on themselves.

Customers may pick out the merchandise they wish to purchase, take it to the cashier and be waited on immediately. The cashiers will be, in addition to the regular sales force, prepared to help customers make their selections.

Fischer announced that in the near future there will be a telephone unit of four girls who will do nothing but take phone orders. There will also be a catalogue or special order desk, offering cus-

tomers a selection of more than 125 thousand items, from Sears catalogues.

"We are prepared to make a great many adjustments in our inventory as we become better acquainted with the Levittown locality. It is entirely different from any other United States community," Fischer said.

### Prepared to Expand

The organization is also prepared to expand its 16,300 square feet of floor space on the main floor, by adding a basement selling floor as soon as the public demand warrants it.

Customers who drive to Sears and park in the parking lot behind the store, will be able to use the platform service. The merchandise they have purchased will be carried to the rear of the store and loaded into their cars from a platform.

A large fleet of trucks is at the

store's disposal for delivery service, according to Fischer.

The store will maintain its own service department, with mechanical and electrical servicemen. "This makes it possible for us to sell building materials and merchandise such as plumbing installed," Fischer said.

About 10 employees have bought homes in Levittown after obtaining jobs at Sears. They have come from West Virginia, Washington, D. C., New York, New Jersey and western Pennsylvania. People from Bristol, Crofton, Tullytown, Newtown, Langhorne and Yardley, as well as Levittown, are listed on the employment records.

### Opening Day

Tuesday's opening day will find about 145 people ready to man the store. This includes the 90 regular employees, the 25 extras and about 30 visitors from other Sears stores. Fischer's fifteenth anniversary with Sears misses the opening day by about two weeks. He started with Sears in Houston, Texas, on Sept. 14, 1938. He was sales manager in the Middle Atlantic zone

and is well-acquainted with lower Bucks county, having been in the Trenton office. Fischer, his wife and 13-year-old daughter live in Riverton, N. J.

Assistant to Fischer is Charles E. Hall. Hall has been with Sears for three and a half years, coming to Levittown from Coatesville. He has been a resident of the Oaktree section of Levittown for just about a week. He and his wife have two sons.

### 3 Bucks Countians At Student Camp

STATE COLLEGE, Aug. 31—Three Bucks county people are among the 100 student leaders from Pennsylvania State College who will meet at the Pennsylvania State Forest School, Mount Alto for the second annual Student Encampment Sept. 10 to 12.

Bucks county people are C. Jay Murphy, Hidden lane, Feasterville;

Hilda A. Hogeland, Davisville and Charles Mathias, Second street, Penn's Park.

The students and the 27 faculty and administration leaders will discuss such topics as student recreation, student leadership, publications and student-town relations.

## CYCLE COMPLETED

Soviet and Western nations are back at the old stall of talking about getting together for Big Power talks with little likelihood they will do so. In the latest cycle of thrust and parry, the West's venture was avowedly loaded, the proposed agenda limited to German unity and the Austrian peace treaty, a move known to be unpalatable to the Reds. The Muscovites insist upon the inclusion of Red China.

The prize in the sparring is the future of Germany and the outcome of Pro-Western Chancellor Adenauer's reelection bid next month. Both sides seek to assure unity-conscious Germans of their support, but each wants a reunited Germany on its own terms and in its own camp.

The stakes are high, but for different reasons neither the U. S. nor Russia desires to debate the issue at this time. Both believe time runs in their respective favor. Present U. S. policy is to give the Red rulers more rope to hang themselves in dealing with rebellious East Germans. So both agree again to disagree, which is where German unity languished when Churchill brought the subject up in the first place.

## Is John Bull Plotting Stealing of Texas?

By INEZ ROBB

NEW YORK, Aug. 31 (INS)—International trickery is a caution these days. A nation can't trust its best friend as far as you can throw a ball (John) by the tail.

We are about to have Texas stolen right out from under us and incorporated into the British Commonwealth of Nations.

This dastardly international plot, revealed here for the first time, is being foisted in London under the innocent-sounding sponsorship of the "Anglo-Texas Society." This organization founded by British author Graham Greene is merely a wicked, subversive front to heist the largest and richest state in the Union.

A nation such as England, hungry for red meat and hard money, was bound to try to high-jack Texas sooner or later. Americans, are we going to stand idly by while the British kidnap our rich relative? We need the bail money as much as they do! Remember Lexington and Concord!

Perish the thought that within a few years we should be forced to listen to BBC broadcast:

"Deep in the heart of England, The stars at night are big and bright,

Since we got our hands on Texas, Mortgage's paid; world's all right, Deep in the heart of England.

Streaks are fine; that's how we dine Since we got our hands on Texas, We're riding Rols Royce; let's rejoice, Deep in the heart of England."

We need Texas to win the next world war just as much as England. Mark my words, if the British succeed in doing us out of Texas, it will be only a matter of time until we wake up some morning and find that Brooklyn also is missing. It's a shame, but a nation has to keep everything nailed down these days.

England may get back the Anglo-Arabian Oil Company and maybe not. But in case the Shah doesn't do so good with the Nationalists in Iran, Texas would be an ace in the hole brim-full of that lovely black gold known poetically as oil.

So the rest of the United States no longer gets any Texas oil (or guff, either). You want to walk to work, Bub, when the rationing sets in? Okay, then: write your congressman to keep one eye on Texas and the other on our wily cousins across the sea.

I must say there is one intriguing possibility if this Anschluss is accomplished. The Union of Texas loquacity with British tactfulness, of English understatement with Texastall tales will breed either a

## "WASHINGTON REPORT"

by Fulton Lewis, Jr.

(Copyright, 1953, King Features Syndicate, Inc.)

WASHINGTON, Aug. 31—Secretary of the Treasury Humphrey, in whose domain is located the Bureau of Internal Revenue, apparently is not entirely aware of the highly strategic position in which he sits from an administration public relations standpoint.

The fact is, he holds the cards of a national scandal which developed under previous administrations and which should be and will be cleaned up.

He could make important moral capital for the Eisenhower team, of which he is an important part, by attacking the problem from the standpoint of administrative correction. As it is, the job apparently is going to be left to a congressional investigating committee headed by Representative Carroll Reece of Tennessee, one-time chairman of the Republican National Committee.

Reece unobtrusively shoehorned a resolution through the closing days of the last session authorizing a full-scale inquiry into the background and operation of tax-free foundations, a venture which, in itself, is not new. It was tried with notable ineffectiveness by a special committee headed by the late Representative Eugene Cox of Georgia in the 82nd Congress, but was allowed to expire by default, after a couple of namby-pamby hearings, when Cox was stricken with his final illness.

Reece, however, has assembled an expert technical staff which already is amassing and studying evidence, and he had considerable important data before the investigation was authorized. The results this time should be, and probably will be, dramatically different.

My staff and I have spent many hundreds of hours in our own investigation, and there will be much startling information in these columns on the subject in the months to come.

Representative Reece said he intends to bring the biggest of the foundations—Ford, Rockefeller and Carnegie—before the committee for a complete public inquiry into their finances, their dispensing of largesse, and the nature of the projects to which the largesse has gone.

As a demonstration of how far-reaching the problem is, Representative Reece says his figures show more than three hundred thousand tax-free "benevolent" foundations now on the Treasury books. Many of them, he concedes, are legitimate and honest operations, and have contributed commendably to the general public welfare.

In too many, however, control has fallen into highly questionable if not dangerous hands, and the funds have become a fabulous and inexhaustible fount for the financing of left-wing and even subversive activities of various kinds.

Representative Reece says he has "documentary evidence that raises serious questions regarding some of the activities and officers of the Ford Foundation."

At the previous House investigation, officers of the Ford Foundation were called in as witnesses but, to quote Representative Reece, they were neither questioned nor cross-examined, and to all practical purposes, the investigation merely furnished a forum in which the witnesses were able to give self-serving benedictions.

This, let it be said, is the masterpiece of conservative statement. In many cases, the committee did not even find out the financial worth of the foundation, or the projects which it had supported. The officers repeatedly pleaded that they were unable to answer the simplest questions and, for whatever reason, committee members seemed disinclined to be troublesome by asking any.

Secretary of the Treasury Humphrey has those answers—at the press of a buzzer on his desk top.

## THE GREAT GAME OF POLITICS

By FRANK R. KENT

### 'Loss Of Prestige'

WASHINGTON, Aug. 31—The talk about the "loss of prestige" by the United States in Europe has reached the stage where it makes one just a little sick. All the correspondents and columnists who go abroad send back reports up on how low it has become. Traveling senators and congressmen give out statements along the same line. Mrs. Eleanor Roosevelt and Mr. Adlai Stevenson harp upon an identical key. Editors and others, who have not been abroad in years, deplore it in print. A lot of this "loss of prestige" stuff is sheer twaddle.

Upon what is it based, anyhow? So far as can be ascertained, upon exactly two things. One is that in order to preserve our own solvency and security, we have somewhat curbed the wild oil became a red-hot issue. It is a proud Texas boast that she has lived under five flags: Spanish, French, Mexican, Texan and American. With a true collector's instinct, she may want to add a sixth: the Union Jack, as opposed to the British who just want to add Jack.

Now is the time for President Eisenhower to come forward and declare that he was not called to the presidency to preside over the dissolution of the United States.

Or else the next popular English ballad may be: "O, bury me not on the Sussex Downs, I want to shoot up them Essex towns, I'm a roo-tin', tootin', shootin' six-gun guy, I'm a Texan with an old-school Anglo tie."

The other reason alleged for our "loss of prestige" is Senator McCarthy. It is not easy to explain why a picture of Senator McCarthy, so utterly at variance with reality, should have made an impression either in Europe or here at home. Partly, it is the fault of the news papers which continue to denounce him with such unrestrained violence; partly to the correspondent here of English newspapers who have sent grotesquely misleading dispatches about his power and personality. They have built him up into a great menacing figure, who affects national policy and influences the Eisenhower Administration. He is not that kind of figure. He does not affect national policy and he has no influence with the Eisenhower Administration.

He does thrive on denunciation and he loves publicity—no matter how bad. A good many people who dislike the man and deplore his methods believe that, in his inaccurate and bumbling way, he has been doing a job that needs to be done and that he has damaged the reputation of no innocent man. Be that as it may, there is certainly nothing about Senator McCarthy to justify scaring our European allies nor excusing public figures and correspondents for portraying our "loss of prestige" as due to his investigations or insisting that the morale of our foreign service is "shot all to hell." Either they deliberately twist the facts or they don't know them. Certainly, they grossly exaggerate the importance of McCarthy.

It would appear that your fate is in your own hands to a very large extent. The stars have given you capabilities. If you utilize them to their fullest extent, you can have fame and fortune. If you sit back lazily and let the world go by, you may never go far beyond a pleasant, albeit quite pleasant mediocrity. Make your own choice of a destiny!

does not compare with that of Senator La Follette, who was one of the original and strongest isolationists, who violently opposed our entrance into the first World War and who in 1924 ran as a Progressive candidate for the presidency. He was well financed, solidly supported by organized labor, polled 5,000,000 votes but carried only one state—his own.

No one who remembers that campaign and who knew the real strength of Senator La Follette would compare him with McCarthy. He was infinitely bigger and more important. Also, those who recall that period will recall that right after that war our prestige was even lower than it is alleged to be now. All of our dear allies owed us huge sums of money. Some of them bitterly disparaged our part in the victory. They openly—and rightly—resented our failure to join the League of Nations and we did not seem to have a friend left. Certainly, the popularity of Americans in Europe was almost nonexistent.

Considering these almost forgotten things, thoughtful persons will

## CYCLE COMPLETED

Soviet and Western nations are back at the old stall of talking about getting together for Big Power talks with little likelihood they will do so. In the latest cycle of thrust and parry, the West's posture was awfully loaded, the proposed agenda limited to German unity and the Austrian peace treaty, a move known to be unpalatable to the Reds. The Muscovites insist upon the inclusion of Red China.

The prize in the sparring is the future of Germany and the outcome of Pro-Western Chancellor Adenauer's reelection bid next month. Both sides seek to assure unity-conscious Germans of their support, but each wants a reunited Germany on its own terms and in its own camp.

The stakes are high, but for different reasons neither the U. S. nor Russia desires to debate the issue at this time. Both believe time runs in their respective favor. Present U. S. policy is to give the Red rulers more rope to hang themselves in dealing with rebellious East Germans. So both agree again to disagree, which is where German unity languished when Churchill brought the subject up in the first place.

## Is John Bull Plotting Stealing of Texas?

By INEZ ROBB

NEW YORK, Aug. 31 (INS)—International trickery is a caution these days. A nation can't trust its best friend as far as you can throw a bull (John) by the tail.

We are about to have Texas stolen right out from under us and incorporated into the British Commonwealth of Nations.  
This dastardly international plot, revealed here for the first time, is being mounted in London under the innocent-sounding sponsorship of the "Anglo-Texas Society." This organization founded by British author Graham Greene is merely a wicked, subversive front to heist the largest and richest state in the Union.

A nation such as England, hungry for red meat and hard money, was bound to try to high-jack Texas sooner or later. Americans are we going to stand idly by while the British kidnap our rich relative? We need the bull money as much as they do! Remember Lexington and Concord!

Perish the thought that within a few years we should be forced to listen to BBC broadcast: "Deep in the heart of England, The stars at night are big and bright,

Since we got our hands on Texas, Mortgage's paid; world's all right. Deep in the heart of England, Steaks are fine; that's how we dine Since we got our hands on Texas, We're riding Rols Royce; let's rejoice,

Deep in the heart of England." We need Texas to win the next world war just as much as England. Mark my words, if the British succeed in doing us out of Texas, it will be only a matter of time until we wake up some morning and find that Brooklyn also is missing. It's a shame, but a nation has to keep everything nailed down these days.

England may get back the Anglo-Arabian Oil Company and maybe not. But in case the Shah doesn't do so good with the Nationalists in Iran, Texas would be an ace in the hole brim-full of that lovely black gold known poetically as oil. So the rest of the United States no longer gets any Texas oil (or guff, either). You want to walk to work, Bub, when the rationing sets in? Okay, then: write your congressman to keep one eye on Texas and the other on our wily cousins across the sea.

I must say there is one intriguing possibility if this Anschluss is accomplished. The Union of Texas loquacity with British taciturnity, of English understatement with Texastall tales will breed either a

## "WASHINGTON REPORT"

by Falton Lewis, Jr.

(Copyright, 1953, King Feature Syndicate, Inc.)

WASHINGTON, Aug. 31—Secretary of the Treasury Humphrey, in whose dominion is located the Bureau of Internal Revenue, apparently is not entirely aware of the highly strategic position in which he sits from an administration public relations standpoint.

The fact is, he holds the cards of a national scandal which developed under previous administrations and which should be and will be cleaned up.

He could make important moral capital for the Eisenhower team.

Of which he is an important part, by attacking the problem from the standpoint of administrative correction. As it is, the job apparently is going to be left to a congressional investigating committee headed by Representative Carroll Reece of Tennessee, one-time chairman of the Republican National Committee.

Reece unobtrusively shoehorned a resolution through the closing days of the last session authorizing a full-scale inquiry into the background and operation of tax-free foundations, a venture which, in itself, is not new. It was tried with notable ineffectiveness by a special committee headed by the late Representative Eugene Cox of Georgia in the 82nd Congress, but was allowed to expire by default, after a couple of namby-pamby hearings, when Cox was stricken with his final illness.

Reece, however, has assembled an expert technical staff which already is amassing and studying evidence, and he had considerable important data before the investigation was authorized. The results this time should be, and probably will be, dramatically different.

My staff and I have spent many hundreds of hours in our own investigation, and there will be much startling information in these columns.

Secretary of the Treasury Humphrey has those answers—at the press of a buzzer on his desk top.

ums on the subject in the months to come.

Representative Reece said he intends to bring the biggest of the foundations—Ford, Rockefeller and Carnegie—before the committee for a complete public inquiry into their finances, their dispensing of largesse, and the nature of the projects to which the largesse has gone.

As a demonstration of how far-reaching the problem is, Representative Reece says his figures show more than three hundred thousand tax-free "benevolent" foundations now on the Treasury books. Many of them, he concedes, are legitimate and honest operations, and have contributed commendably to the general public welfare.

In too many, however, control has fallen into highly questionable if not dangerous hands, and the funds have become a fabulous and inexhaustible fount for the financing of left-wing and even subversive activities of various kinds.

Representative Reece says he has "documentary evidence that raises serious questions regarding some of the activities and officers of the Ford Foundation."

At the previous House investigation, officers of the Ford Foundation were called in as witnesses but, to quote Representative Reece, they were neither questioned nor cross-examined, and to all practical purposes, the investigation merely furnished a forum in which the witnesses were able to give self-serving benedictions.

This, let it be said, is the masterpiece of conservative statement. In many cases, the committee did not even find out the financial worth of the foundation, or the projects which it had supported. The officers repeatedly pleaded that they were unable to answer the simplest questions and, for whatever reason, committee members seemed disinclined to be troublesome by asking any.

A lot of this "loss of prestige" stuff is sheer twaddle.

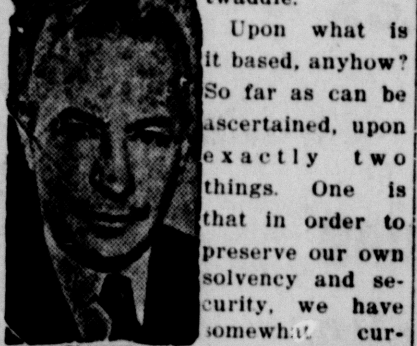

Upon what is it based, anyhow? So far as can be ascertained, upon exactly two things. One is that in order to preserve our own solvency and security, we have somewhat curtailed the wild outpouring of billions for foreign aid and defense. This does not mean that we have ceased to support our allies financially, militarily and economically. Nor does it mean that we have weakened our determination to so arm ourselves that we shall be able successfully to cope with Soviet aggression, whatever form it may take. There has been no change in American foreign policy and every foreign government is aware of that basic fact. We stand just where we have always stood. The distortions are without foundation or excuse.

The other reason alleged for our "loss of prestige" is Senator McCarthy. It is not easy to explain why a picture of Senator McCarthy, so utterly at variance with reality, should have made an impression either in Europe or here at home. McCarthy is neither as powerful nor as important a figure in our politics as the late Senator Huey Long, of Louisiana, and, of course, he falls far short of the stature of the elder Robert M. La Follette from his own State of Wisconsin. McCarthy has a following but it

Considering these almost forgotten things, thoughtful persons will

not take this "lost prestige" talk too seriously; nor will they believe that the morale in the foreign service is in quite the awful state depicted by Mrs. Roosevelt and Mr. Stevenson. Recently, in the interests of efficiency and economy, the State Department ordered the dropping of several thousand jobholders who have been attached to our embassies and legations since 1945. Most of these were formerly on the pay roll of the Office of War Information. When that agency was liquidated about 6,000 who could not get employment in private industry were transferred to the State Department pay roll. There was nothing for them to do, but they were scattered all over the world where they littered up the embassies and legations and fretted our ambassadors and ministers. Secretary Dulles is in process of getting rid of these. Recently, he ordered several thousand dropped. Naturally the morale among these would be low indeed. Perhaps it was from them that Mrs. Roosevelt and Mr. Stevenson got their impressions.

# Bertha Fortier Becomes Wife Of Gordon Gilbert, Bath St.

CROYDON, Aug. 31 — In St. Thomas Aquinas R. C. Church, an attractive wedding took place at the hour of four Saturday when Miss Bertha Fortier, daughter of Mr. and Mrs. Alfred Grace, 735 Newportville road, became the bride of Mr. Gordon C. Gilbert, Jr., son of Mr. and Mrs. Gordon C. Gilbert, 590 Bath street, Bristol. The Rev. Joseph Diamond officiated at the double ring ceremony.

Preceding the ceremony a recital of organ music was rendered by Miss Mary Ann Garvin, who served as accompanist for Mrs. Elizabeth Barner, vocalist. The latter sang "Ave Maria," and "Mother at Your Feet is Kneeling." A dedication bouquet of white roses was placed at the feet of the Blessed Mother statue by the bride.

The bride was given in marriage by her uncle, Mr. Anthony Biedrzycki, Camden, N. J. She wore a floor-length gown of Chantilly lace and nylon tulle over white antique satin, patterned on Renaissance lines. A flowing skirt consisted of two layers of nylon tulle over white satin. A cathedral train was of tulle with Chantilly shadow appliques bordering it. A three-tier, scalloped fingertip veil of French illusion tulle was held in place by a pearl crown. Men's hearts failing them for fear, and for looking after those things which are coming on the earth:—Luke 21:26.

We are living in a time of world unrest that no previous civilization has ever experienced. There are wars and rumors of wars; A-bombs, H-bombs, and a new powerful C-bomb; riots, revolts and governments overthrown.

We have experienced wars of nerves, cold wars and hot wars. Fascism, Nazism and Communism have had and are having their fling. Terror, threats, torture and death stalk the earth. What does this add up to? Jangled nerves, unrest, jittery governments, fearful living and startled lives.

We read of more deaths because of heart failure than we ever did before. Just a few of the causes are mentioned above. But we can surely believe that the words of Jesus quoted above are true today.

Is there a remedy for this heart trouble? Yes, definitely there is. Turn to Philippians 4:7 and read: And the peace of God, which passeth all understanding, shall keep your hearts and minds through Christ Jesus.

### Lambertville Plans To Follow Advice

LAMBERTVILLE, N. J., Aug. 31—Lambertville plans to start digging a well this week, near its smoldering city dump.

The town was assured by two diving rod experts that it will strike water.

Oscar Wolfe, Mathews Corners with his peach wood diving rod was called in last week to verify the find of Harvey Mathews, Oak Grove, who uses apple and cherry wood for his diving rod.

Mathews' rod started trembling at a spot right over the dump. When Wolfe arrived his rod began to vibrate just as violently as Mathews, only about 20 feet from the spot Mathews had designated.

Mayor Harry Shepherd and Commissioners William Naylor and Edward Riordan held the rod too and it continued to jerk like a thing possessed.

The city officials marked the spot by digging up a few spadefuls of dirt, so they will still be able to find the spot when they go to dig a well. They hope a well will make extinguishing dump fires easier.

**More and Better Telephone Service  
for  
LOWER BUCKS COUNTY**

New WINDSOR Central Office now in operation

New ways to dial between certain points

New and changed numbers for many telephones

**PLEASE REFER TO NEW DIRECTORY BEFORE MAKING CALLS**

On August 30, we made important improvements to the telephone system here in Lower Bucks County.

The new WINDSOR Dial Telephone Office was placed in operation to serve residents of Levittown, Fairless Hills and vicinity. Many telephones previously in the Bristol, Hulmeville, Langhorne and Morrisville Central Office areas now have WINDSOR numbers as do many other new telephones recently connected. Moreover, certain changes have been made in the way calls are dialed between Central Offices in this area.

Before making calls, please refer to the new Lower Bucks County Telephone Directory to make sure that you know the right number and the right way to dial it.

**WINDSOR numbers consist of two letters and five figures**

All WINDSOR numbers consist of the first two letters of the Central Office name... WI... plus five figures. This is the numbering plan now used in Philadelphia, Pittsburgh and many other metropolitan centers. It is part of the expanding nationwide program to provide direct toll dialing by Operators at the present time, and direct dialing by customers at a future date.

**How to dial from WINDSOR telephones**

To make a call from one WINDSOR telephone to another, simply dial the letters WI and the five figures of the number you want. In the same fashion... by dialing two letters plus the figures of the desired number... you dial direct to telephones in approximately 100 other Central Office areas, including Philadelphia and Trenton and many other points in Pennsylvania and New Jersey.

A complete list of the points to be dialed direct from WINDSOR telephones will be found in the new Directory, along with up-to-date instructions for placing calls from other telephones in Lower Bucks County.

**Many other improvements**

The new WINDSOR office is but part of the plan to provide more and better telephone service for the growing population in Lower Bucks County. New equipment has been added to other Central Offices too. Substantial additions have been made to many telephone buildings. Still other additions will be made in the future to meet Bucks County's ever-increasing requirements for telephone service!

### Lambertville Plans To Follow Advice

LAMBERTVILLE, N. J., Aug. 31—Lambertville plans to start digging a well this week, near its smoldering city dump.

The town was assured by two divining rod experts that it will strike water.

Oscar Wolfe, Mathews Corners with his peach wood divining rod was called in last week to verify the find of Harvey Mathews, Oak Grove, who uses apple and cherry wood for his divining rod.

Mathews' rod started trembling at a spot right over the dump. When Wolfe arrived his rod began to vibrate just as violently as Mathews, only about 20 feet from the spot Mathews had designated.

Mayor Harry Shepherd and Commissioners William Naylor and Edward Rordan held the rod too and it continued to jerk like a thing possessed.

The city officials marked the spot by digging up a few spadefuls of dirt, so they will still be able to find the spot when they go to dig a well. They hope a well will make extinguishing dump fires easier.

More and Better Telephone Service

for

LOWER BUCKS COUNTY

New WINDSOR Central Office now in operation

New ways to dial between certain points

New and changed numbers for many telephones

PLEASE REFER TO NEW DIRECTORY BEFORE MAKING CALLS

On August 30, we made important improvements to the telephone system here in Lower Bucks County.

The new WINDSOR Dial Telephone Office was placed in operation to serve residents of Levittown, Fairless Hills and vicinity. Many telephones previously in the Bristol, Hulmeville, Langhorne and Morrisville Central Office areas now have WINDSOR numbers as do many other new telephones recently connected. Moreover, certain changes have been made in the way calls are dialed between Central Offices in this area.

Before making calls, please refer to the new Lower Bucks County Telephone Directory to make sure that you know the right number and the right way to dial it.

WINDSOR numbers consist of two letters and five figures

All WINDSOR numbers consist of the first two letters of the Central Office name... WI... plus five figures. This is the numbering plan now used in Philadelphia, Pittsburgh and many other metropolitan centers. It is part of the expanding nationwide program to provide direct toll dialing by Operators at the present time, and direct dialing by customers at a future date.

How to dial from Windsor telephones

To make a call from one WINDSOR telephone to another, simply dial the letters WI and the five figures of the number you want. In the same fashion... by dialing two letters plus the figures of the desired number... you dial direct to telephones in approximately 100 other Central Office areas, including Philadelphia and Trenton and many other points in Pennsylvania and New Jersey.

A complete list of the points to be dialed direct from WINDSOR telephones will be found in the new Directory, along with up-to-date instructions for placing calls from other telephones in Lower Bucks County.

Many other improvements

The new WINDSOR office is but part of the plan to provide more and better telephone service for the growing population in Lower Bucks County. New equipment has been added to other Central Offices too. Substantial additions have been made to many telephone buildings. Still other additions will be made in the future to meet Bucks County's ever-increasing requirements for telephone service!

### Auto Boys to Tilt With 5th Warders In Semi-Playoffs

The semi-final playoffs of the Bristol Softball League will get under way this evening on Memorial field as Fifth Ward Sporting Club meets Auto Boys. Game will begin at six o'clock.

Fifth Ward entered the semi-finals by winning over Jefferson A. C. while Auto Boys conquered Kaiser Metal to get into the semi-final round. The second game of this series will be played tomorrow evening and the third game, if necessary, is scheduled for Wednesday evening.

The winner of the semi-final will play Franklin A. C. regular season champs, in a three-game series. Stanley "Butch" Koreyva, who has hit his 1952 form in recent games, will be on the mound for the Warders with Danny Pieo handling his hooks. Bill Wigham will pitch for Auto Boys with Johnny Frank doing the catching.

It is most likely that Johnny Cordisco will be on first for Fifth Ward and Joe Pica at second. Vince DiTanna will cavort at short with Dave Ludwig taking care of the hot corner. Don Bourne, Joe Embruscuso, and Smithers Cordisco of Henry Liberator will be in the outfield.

There is a possibility that Joe Pesci may return to first base for Auto Boys, giving Jim Capecci a chance to use Chuck Klein in the outfield along with Fred Costantino and Horace Saxton. Ray Pierandozzi, Tony Cauti, and Joe Salustio will be old down infield spots.

In addition to trap shooting, refreshments were served and movies were shown by Henry Ullman and William G. Reimer.

Several new members were accepted at the meeting, and the total membership now stands close to 1400, according to Mr. Reimer.

Donations were received for the new club house and work will be resumed shortly, since the arrival of steel girders.

The next meeting of the association will be held in the Eagle Building Friday, September 25.

# Ford brings you fine-car Power Steering at a new low price!

Now you can have America's newest, most improved power steering—Ford Master-Guide—for \$40 less than any other power steering in the low-price field.

Yes, you're reading right! Ford has added a brand new "Worth More" to its long list of fine-car features... Ford Master-Guide—the newest and finest in power steering... a system exclusive in Ford's field!

You're going to love this new kind of steering! A finger turns the wheel even when the

car's standing still. Imagine how helpful this can be whenever you're tightly parked! Yet on the road Ford Master-Guide, unlike some systems, gives you the same natural "feel" you'd have without power steering. Master-Guide is safer, too. It takes hold only when needed. Try Ford Master-Guide today!

Handling and parking's a pushover! With the car standing still, you can "dial" the steering wheel with one finger... Master-Guide supplies the "muscle" for you! Of course, Fords have always been easy to handle, steer and park. But with Master-Guide "muscling in" when you need it, you use up to 75% less effort!

See it... Value Check it... Test Drive it today!

|   |   |
|---|---|
| <p><b>NO RADICAL CHANGE IN DRIVING HABITS</b></p> <p>You get the same kind of "feel" you get with ordinary steering systems, so there's no need to learn how to drive all over again with Ford Master-Guide. This natural feel comes mainly from having the force applied close to the front wheels. Steering ratio doesn't change; you always have complete control!</p> | <p><b>SO SIMPLE... SO SAFE!...</b></p> <p>Master-Guide lets you turn with ease, steer as you're used to! Driving on "shoulders" and rutted roads is even safer. And should the hydraulic system ever lose its power (which is highly unlikely due to Ford's simple design), the conventional steering system remains operative as in cars without power steering.</p> |

### County Sportsmen Meet Outdoors

The last outdoor meeting of the Bucks County Fish and Game Association of the season was held at the club's shooting grounds in Edison.

In addition to trap shooting, refreshments were served and movies were shown by Henry Uihman and William G. Reimer.

Several new members were accepted at the meeting, and the total membership now stands close to 1400, according to Mr. Reimer.

Donations were received for the new club house and work will be resumed shortly, since the arrival of steel girders.

The next meeting of the association will be held in the Eagle Building Friday, September 25.

The annual shoot will be held Sunday, September 13, at the shooting grounds. A committee of the Ladies' Auxiliary of the Doylestown Fire Company will serve organization members at the shoot.

Hunting is banned this year in Pennsylvania for Bobwhite quail, Hungarian partridges, hen pheasants, sharp-tailed grouse, cub bears, elk, spike bucks with antler less than three inches long and others.

### Safe Driving Rules Emphasized by Club

DOYLESTOWN, Aug. 31 — The three C's of caution, courtesy and common sense will see the local motorist safely through the Labor Day holiday and for the remainder of this or any other year, according to a plea made by Edward P. Curran, safety director of the Keystone Automobile Club.

"As a matter of courtesy, dim your car's lights when approaching another vehicle at night," Curran emphasized. "Give the other fellow a break whenever possible. Be extra cautious, resting when you're tired and stop for occasional refreshment, and above all, be sensible: don't mix driving with drinking."

**DAY OF EASE!**  
When we're at work, we have one boss and what he says we do, of course. But, once at home, we shed the yoke or, is that one man's feeble joke? For, when we try to steal some rest, our folks, it seems, will do their best to prove to us that Labor Day denotes just what those two words say. You can shed the yoke imposed by fuel worries, if you sign for the prompt, timely, automatic deliveries of a top grade fuel oil. For finer performance, get GULF from the Pirolli Fuel, Inc. Main Street, Tullytown. Corson Street, Bristol. Tel. Bristol 8-9627.

# Ford brings you fine-car Power Steering at a new low price!

Now you can have America's newest, most improved power steering—Ford Master-Guide—for \$40 less than any other power steering in the low-price field.

Yes, you're reading right! Ford has added a brand new "Worth More" to its long list of fine-car features... Ford Master-Guide—the newest and finest in power steering... a system exclusive in Ford's field! You're going to love this new kind of steering! A finger turns the wheel even when the

car's standing still. Imagine how helpful this can be whenever you're tightly parked! Yet on the road Ford Master-Guide, unlike some systems, gives you the same natural "feel" you'd have without power steering. Master-Guide is safer, too. It takes hold only when needed. Try Ford Master-Guide today!

Handling and parking's a pushover! With the car standing still, you can "dial" the steering wheel with one finger... Master-Guide supplies the "muscle" for you! Of course, Fords have always been easy to handle, steer and park. But with Master-Guide "muscling in" when you need it, you use up to 75% less effort!

See it... Value Check it... Test Drive it today!

**NO RADICAL CHANGE IN DRIVING HABITS**  
You get the same kind of "feel" you get with ordinary steering systems, so there's no need to learn how to drive all over again with Ford Master-Guide. This natural feel comes mainly from having the force applied close to the front wheels. Steering ratio doesn't change; you always have complete control!

**SO SIMPLE... SO SAFE!**  
Master-Guide lets you turn with ease, steer as you're used to! Driving on "shoulders" and rutted roads is even safer. And should the hydraulic system ever lose its power (which is highly unlikely due to Ford's simple design), the conventional steering system remains operative as in cars without power steering.
